flowers. Excellent for partly shaded areas.
3 Strong Roots, \$1.00

INDOOR BLOOMING HYBRID AMARYLLIS

Here is the queen of indoor blooming flower bulbs. Large flaring trumpet flowers that often measure eight inches across and each bulb will produce four to eight flowers. We have offered this private strain, imported from Puerto Rico for the past five years and our customers reorder every year attesting to their excellence of moderate priced Amaryllis. Clear colors of red, salmon, pink, and white with pink stripes. Large bulbs of three inch diameter—and guaranteed to bloom! If they only bloomed once they are well worth the modest price but—they can be held over to bloom again next year. Shipment in December—and they make a wonderful Christmas gift.

Supplied in mixed colors only.

We will have only a limited stock, so place your order now.

For Garden Pleasure - -

HARDY LILIES and DAFFODILS

We most enthusiastically recommend a planting of these two fine garden subjects. They are easy to grow—provide years of enjoyment and are excellent for cutting as well as garden beauty. We are increasing our plantings of both daffodils and lilies and will devote more time and effort to them in the future along with Tuberous Begonias in the spring. If you haven't experienced the pleasure of growing either or both do plant a few this fall. Our special collections listed in this circular offer a fine start or as an addition to your present plantings.

DAFFODILS
